## Heavy-duty workwear

- ◆ *Features: pocketed kneepads*
- ◆ *Benefits: maintain shape and appearance*

The Skillers heavy-duty pants with kneepad pockets are made from high-quality material that keeps its shape and looks respectable out of work hours, too.

The pants have a Knee Guard design to keep the kneepads in the right position. The company has developed three types of kneepads to suit specific jobs and keep the workwear as versatile as the wearers are. The pants are also adjustable for height.

Double-sided tough velcro tool holders on each side of the pants are designed to attach the Skillers tool pouch, phone pouch and hammer holders.

Proskill Australia Pty Ltd
